### Thickest Skin of Any Animal.

The skin of a hippopotamus is about the thickest covering worn by any animal on earth. That of the whale is only slightly thicker, but then the whale lives in the sea and not upon the earth. By reason of this thick hide the hippopotamus can laugh at ordinary bullets, which merely tickle him, unless they strike him in the eye, the nostrils or the ears. Therefore, when shooting hippopotami, the sportsman uses explosive bullets with sharp steel points.

### Old Ocean Scuttlings.

The island of Aldabra, to the north-west of Madagascar, is becoming smaller through the action of the mangroves that grow along the foot of the cliffs. They eat their way into the rock in all directions, and into the gaps thus formed the waves force their way. In time they will probably reduce the island to pieces.

## HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.
